

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50c and \$1.00. Trial bottles free by all dealers; every bottle guaranteed.

Instead of being shallow, development has shown that the mines of Arizona are the deepest of all mineral ledges, says the Denver Mining Reporter. There are, even to this day, only six or eight 1000-foot shafts in the territory and in every case where development prosecuted to great depth there is found tremendous ore bodies. Notable examples of this are found in the Copper Queen, Globe, Clifton, Congress, Senator and the great United Verde, not yet down 1000 feet. In olden times when leached ground was struck, the mines were abandoned; today, we find great mineral companies welcoming the arrival of this old, unsought visitor. Leaching ground on the mother vein of Yavapai county is the evidence of greater riches; but the question of how far below the sulphurets lie, is a matter of conjecture—some cases three and four hundred feet.

Volcanic Eruptions.

Are grand, but Skin Eruptions rob life of joy.
